Powerwash Your House

If you live in South Central PA, you know your home withstands a lot from the elements throughout the year. Give your siding and other outdoor areas, such as children's play sets, your wood deck or patio, a quick and thorough cleaning with a powerwasher. If you don't have a power washer, considering borrowing from a neighbor. Just be sure to disinfect before and after using anything borrowed. You can also get a refurbished powerwasher at The Home Depot for as low as \$99.00.

Paint or Wallpaper a Room

One of the easiest and most inexpensive ways to upgrade the look of your home is to add paint or wallpaper! Paint can give your room a brand new feel. From simple and modern to bright and bold, a whole new world of style is only a paint brush away. You can also consider wallpaper. If you aren't comfortable with traditional wallpaper and paste, consider the new peel and stick wallpaper options. Wallpaper not only adds a new style but can also add texture to a room.

You can also paint your doors and shutters to give an immediate update to your home's curb appeal. Thankfully paint is a simple and affordable home improvement making this a great way to incorporate a more trendy design and color that can be changed from year to year! If you are looking to sell your home, consider black or charcoal grey. For a more modern look, consider non-traditional colors such as eggplant, turquoise, bright orange and lime. For a traditional look, you can't go wrong with brick red, pure white, dark grey, slate blue or emerald green.
