CLOSINGS

Message from the President

It is my honor and privilege to serve as the President and CEO of Blue Chip Federal Credit Union. It has been a very exciting fall and winter season here at Blue Chip FCU, as we have brought you additional new products and services.

I would be remiss if I didn't say a huge thank you to our membership, Board of Directors and staff for your patience and understanding as we underwent a Systems Upgrade. This was a vital step in bringing you the products and services you need to reach your financial goals. Our Systems Upgrade was a huge success, and we are thrilled to introduce many new products and services to our membership. These services include online membership applications. Members can now add additional accounts to their membership all from your cell phone, laptop or home computer. In the future, current members and new members will be able to fund their accounts online WITHOUT having to send a check or stopping by the credit union.

In addition to online account applications, members can now sign up for Credit Sense. This new credit monitoring program is FREE to our members and gives you daily access to your credit score, real-time credit monitoring alerts, a credit score simulator, your own personalized credit report and much more! Login to online banking or mobile banking to sign up today!

We look forward to an equally productive spring and summer season, bringing you the products and services you need. As always, we are here to help you with any of your financial needs or questions. At Blue Chip FCU, you are more than a number... you're family!
